Eric Golub is an accomplished speaker, author and entertainer who left a successful career in the stock market and oil industries in 2009 to speak full time and publish his first book, Ideological Bigotry, with back cover endorsements from Ward Connerly and Armstrong Williams. Ideological Violence and Ideological Idiocy followed in 2010. You may have heard and enjoyed his humor in one of his many radio or TV appearances as a guest for Sean Hannity, Hugh Hewitt, Lars Larson, Dennis Miller, Glen Beck and Larry Greenfield of the Claremont Institute, among others. He has also written for Tucker Carlson's "Daily Caller", Andrew Breitbart's "Big Hollywood", the Washington Times Communities, the Jewish Policy Center and the Republican Jewish Coalition. He has been attacked in Time Magazine and featured by Politico. Michelle Malkin, Rush Limbaugh, Mark Steyn, RealClearPolitics, and Fox News Nation Online have all linked to his opinion column. He has also done serious reporting, covering anti-Israel symposia at UCLA and USC for Campus Watch. Two days after his first report, one of the Islamist professors had his department shut down.

Come hear from Eric how we can use humor to beat the left at their own game!
