Mr. Yoo Bio & Book Information

Mr. Yoo's new book, *Striking Power: How Robots, Cyber and Space Weapons Change the Rules for War*, details how we can make war less destructive by embracing new military technologies. John Yoo is Emanuel Heller Professor of Law at UC Berkeley, a Visiting Scholar at the American Enterprise Institute, and a renowned expert on the North Korean weapons threat. He has worked in all three branches of U.S. government: the Dept. of Justice, Senate Judiciary Committee, and Supreme Court.
