JUNE MEETING

The guest speaker for the June general membership meeting will be Junior Nuno. He will speak about our troops serving overseas and what it means to them receiving gifts from the U. S.

JUNIOR NUNO

Junior Nuno was born in Oxnard, California from a migrant family who moved to Soledad, where he grew up and attended Gonzales High School. He joined the Army as an infantryman and soon began his career as a Special Operations soldier. After retirement, Junior joined the family business and is currently CEO of Nuno Iron in King City. He started Astoria Logistics, a firearm training facility in Soledad. Junior is married to Carolina and has 7 children. He is an associate member of SMCRWF.

AMERICANISM

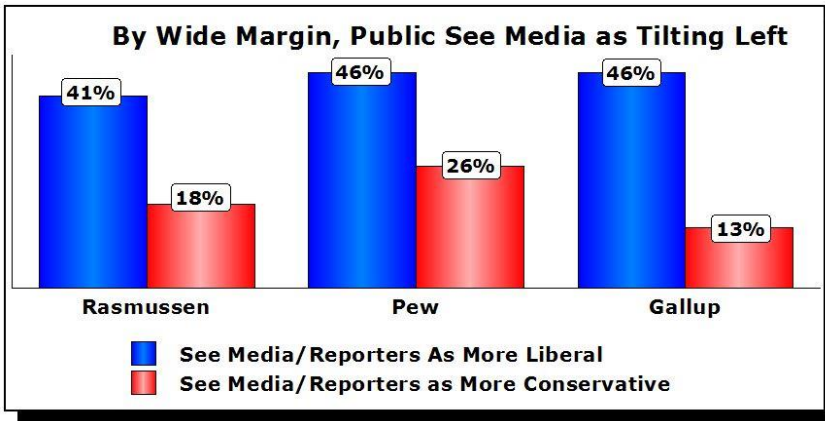

Memorial Day is the last Monday in May and is celebrated to honor and mourn members of the U.S. Military who died in service for our country... Flag Day is celebrated on June 14th. In 1777, the Second Continental Congress adopted the Stars and Stripes for our American Flag. Fly it proudly.

BOARD MEETING

The next board meeting is May 27th at 11:00 am West Coast Community Bank. All are welcome. No June board meeting.

View From The Edge Of The Crowd by Lee Schell

I would like to thank everyone who attended the May 6th meeting to hear me speak about the loss of traditional journalism in this country. I went way longer than I planned and got to only a fraction of what I wanted to say. This month's "View" will include some of the *overflow* I couldn't get to in the meeting and a couple of other thoughts about the state of our information structure and how it's being used and abused to destroy free thinking in the United States.

Six major corporations own almost all of the so-called legacy media outlets...most of the major newspapers [does anybody read those anymore?] and all of the radio and TV news organizations. That factors into our daily news flow in a couple of ways: Reporters and producers who get national network jobs want to keep them because they pay lots of money. So, they are reticent to buck management and pretty much do what their told. So, if you work for

MSNBC, you are probably a flaming liberal to start with to even get hired there and it's no problem for you to adhere to the far left viewpoint being espoused by the network which knows who their audience is and what their viewers expect to hear. No journalism here. Fox News, Newsmax, One America News and other conservative news sources are a little more traditional in their news content but these agencies also tend to hire people who lean towards the viewpoint they know their audience expect to hear. In order to get any semblance of balance one has to read, listen and watch any number of news outlets and then try to sort it out for themselves. With few exceptions, the days of sitting back and getting a fair and balanced recap of what has gone on while you went about your day, are over. You have to do the research and along comes the Internet.

The Internet can be a gift or a curse to consumers of information. Those of us in the "autumn of our years" may find it complicated and frustrating to find news sources on-line where we can get the "straight skinny". A couple of sources I find authentic are: Straight Arrow News [san.com], American Thinker [americanthinker.com] and an invaluable analysis of the news done by an attorney in Florida, Jeff Childers who started a SubStack back in the early Covid days and now uses his blog to keep his over 186-thousand readers aware of what is *really* happening in the news and how to navigate all the B.S. we are subjected to in daily news coverage. The site is free, although you can subscribe and pay a monthly fee and get extra stuff and can be found at: [www.coffeeandcovid.com].

This is a topic for another "View" but I'll briefly mention it here and it's pretty simple. You will recognize the phrase: United we stand...divided we fall. This is a concept for conquering people that has been around for literally thousands of years. Today it's called Social Balkanization...the process by which a cohesive group of like-minded people are surreptitiously broken up into hostile, insular subgroups and then turned against each other. No country can survive this process of division and it's happening here in the U.S with the political polarization going on right now and our so-called news media are either purposely or inadvertently aiding in this fracturization. If we can't come together...respect differing viewpoints and restore cohesiveness to our governing bodies we are doomed as a Republic. God help us!

PRESIDENT'S MESSAGE

Time has been flying by so fast since our April 25th Scholarship Luncheon, and now the end of the Salinas Valley Fair. If YOU are reading this now, I want to thank you and all our members, the community, businesses of King City, and local station KRKC, King City Rustler and the King City Chamber of Commerce, for everything done to make our 2025 luncheon a great success!

Our members came out in full force to set up and make our goal to provide the scholarships needed this year. Many were unable to be there physically, but your help was appreciated in selling your tickets and in many cases, paying for unsold tickets to help the cause. Your salads and generous donations of raffle and silent auction prizes were absolutely some of the most impressive I've witnessed to date. THANK YOU to Jeff Pereira and surprise guest Sheriff Steve Bernal, for playing guitar and singing.

THANK YOU to our CHAIRMAN, SHARON HORNLEIN, along with Sandy & Mel Casion, Arlene Azcona, Susan Bengard, Monique Cremer-Todd, Jeane Errea-Mills, Dorothy Errea, Karen Leonhard (ticket distribution and procuring business donations), and Kathy & Brad Imamura. My apologies to anyone I missed.

IN MEMORIUM – CLARENCE CALVERNE SAYLER

On May 18th, SMCRRWF Associate member, Calverne Sayler, husband of long time member, Linda Sayler, was laid to rest in Lockwood. Born on August 17th, 1935, Calverne came from a pioneer family who settled the San Antonio Valley. He attended Lockwood Elementary School and graduated from King City High School in 1953. Calverne was instrumental in the development of the Nacitone Museum. Our deepest condolences to Linda and her family.

SUNSHINE

Congratulations to Junior and Carolina Nuno on their recent marriage. We will be given the opportunity to wish them well in person at our June 3rd meeting as Junior and Carolina will be there.

Get well wishes go out to Becky Trescott who recently underwent surgery and is resting at home.

If you hear of any of our members who are ill or in need of some “sunshine”, give Cheryl Harrison a call at (831) 320-3256 and she will send a card from our club.

IN CASE YOU MISSED IT - Kathy Forgnone

Our guest speaker at the May 6th, General Membership Meeting was Lee Schell, retired broadcast journalist. His topic was “Whatever Happened to Journalism?” Most people may have remembered him from his reporting for San Francisco radio station KGO. As bureau chief, Lee was sent all over northern California and to Europe to cover happenings of historical importance and interview the people involved. Lee stated the news always be the news, and just the facts, not slanted or opinionated, politically slanted to one side or the other. Lee's list of VIP's and political figures was impressive and he is welcome to return, “for the rest of the stories!”

Updated: April 2025

From the Chairman

Can you believe we are almost halfway through 2025?

While the President is working to fix Washington DC, we must do our part here in California. Are you tired of high gas prices? Tired of seeing boys dominating in women's sports, and children indoctrinated in our classrooms? Crime and homelessness seems to be everywhere, and our children and grandchildren can't afford to live here...

Two years ago I decided I had enough! Although I've always been involved with local politics, I decided to take a more active role in the local Republican Party. We moved the headquarters to Salinas, and in 2024 we registered 4000 new Republicans. We helped win many critical local elections. **BUT MUCH MORE IS NEEDED AND I HAVE A PLAN!**

We will continue our focus on registering new Republicans, because until we build a larger Republican army in Monterey County, we will continue to lose many elections to progressives like Robert Rivas, John Laird, Jimmy Panetta, and Zoe Lofgren.

The first thing we need is to cover our monthly operating budget. We do not receive any funds from state or national organizations, only local patriots like YOU! We set a goal to raise our recurring donations to \$3000 / month. We're not asking for a lot, start with \$10 per month. **With 300 Republicans doing that we could reach our goal.**

The response so far has been fantastic, but we have not hit our goal. [Click HERE](#) or below you can find the link to make a recurring donation, and if you begin before the end of this month you will be entered in a drawing for some wonderful prizes, including tickets to my annual Rodeo concert featuring **Blake Shelton**.

Stay tuned for updates. Our team is working with the Leadership Institute and Turning Point USA to bring some fantastic training programs to community leaders and 2026 candidates. Call our office if you want to get more involved, just like I did, at (831) 324-0617.

Thank you for keeping up the fight, we could not do this without you!
