### GENERAL MEMBERSHIP

The guest speakers for the March General Membership Meeting will be Mark Meuser and Robert Poythress. Mark Meuser is a candidate for California Secretary of State and Robert Poythress is a candidate for California State Senate in the 12th District. They will talk about their qualifications for office and their goals to take California back. Everyone is welcome for lunch or to stop by to hear the speakers.

Mark Meuser is a native Californian, a small business owner, an attorney and a patriot who is committed to fighting for fair and honest elections and the rule of law. His priority is to give the people of California open and accessible government that works for them, not against them. Mr. Meuser will guide the Secretary of State's office out of the 19th century and into the 21st century by utilizing the knowledge and experience of Silicon Valley to modernize the way businesses register in the State.

Robert Poythress is a Madera County Supervisor, previously has served three terms on the Madera City Council and was Madera's first elected Mayor. He owns a local farm and is a small business owner of a hardware store. Supervisor Poythress is a native of the Central Valley and has served as both manager and Vice President of Citizens Business Bank where he helped local farms and businesses grow. His goal is to ensure more reliable water

## PRESIDENT'S MESSAGE

A special thanks goes out to 1st VP Sue Kleber for taking over for me at our last month's meeting. First meeting I have missed in about 15 years and it was so heartening to know that all went along smoothly in my absence. Plans for our Scholarship Luncheon on April 20th are moving right along. Our 2nd VP, Jeane Errea-Mills will be distributing sign-up sheets for raffle items, salad selections and volunteers to help at the luncheon. The proceeds from this luncheon help to fund our two \$1000 Scholarships for South County high school seniors. Five tickets will be handed out to all of our regular members for the luncheon and a good sales tip is to sell them to our associate members and our family members. They make a great gift to friends and those people working in town find the Fairgrounds location quite convenient to carry out lunch. Of course your donation is also very much appreciated. And, speaking of donations, a huge thank you to David Lawson who has provided our club with a case of Scheid wine for gifts to our speakers for this year. Cheers!

Karen Leonhard  
President

## IN CASE YOU MISSED IT

At our February 6th meeting, Associate member, Lee Schell spoke about the Assault on the 2nd Amendment. He urged all to join the NRA as that is the only organization totally dedicated to preserving our right to own firearms as guaranteed by the Constitution. Cliff Williams represented the Friends of the NRA and told about the annual FNRA banquet held on February 24th. Larry Tack announced that he is running for Monterey County Assessor. SMCRWF

received the Bronze Achievement Award from the National Federation of Republican Women and Fort Hunter Liggett presented our club with a certificate of appreciation for our gifts to children of the military at Christmas.

## AMERICANISM

In *District of Columbia v. Heller* (2008) the Supreme Court heard its first case specifically centered on whether the amendment protects an individual right to arms. Gun control supporters advanced essentially the "Salina" argument, but the Court, consistent with its previous rulings in Second Amendment-related cases, ruled that the amendment protects an individual right to keep arms and to bear arms "in case of confrontation," without regard to a person's relationship to a militia.

Kathy Forgnone, Americanism Chair

## SCHOLARSHIP SALAD BAR LUNCHEON

Well it is that time of year again, a time to gather with friends and family to enjoy great food and hospitality. No not Christmas, Salad Bar luncheon Scholarship fundraiser! Please be thinking about what salad you would like to bring to the Cafeteria Building at the SVF grounds on Friday, April 20<sup>th</sup>. This month we will be asking members to sign up for salad, raffle prizes and times to help out at the luncheon. If you have any questions please call Jeane Errea-Mills at 831.594.2127

## View From The Edge Of The Crowd by Lee Schell

As this country becomes more secularized, the concept of good and evil is being shoved under the counter. People who do horrible things are not evil anymore-- they are sick and what we used to think of punishment for an evil act has now become therapy for an obvious person with a serious mental illness. What we used to think of as justice has taken on an identity of treatment and rehabilitation. We're told: "It's not the evil-doers fault he calmly walks, unchallenged, into a crowded high school and systematically kills 17-students...he's sick!" The so called *IndigNation*, which directs it's mob rage against anything it doesn't like, like closed borders, guns, Christians and Republicans, tells us we're getting in

the way of social progress if we don't go along with their modern and progressive approach to all things catastrophic.

Nikolas Cruz's unthinkable act of gunning down 17-students and wounding many others at Stoneman Douglas High School was the result of a series of bad decisions by a lot of people. Cruz had 30-complaints filed against him from people who suspected he was not right. The FBI dropped the ball when some of these complaints came to the agency's attention. But, Broward County, Florida school officials set the stage for this tragic event back in 2010 when they decided to decriminalize certain behavior of minor students in order to keep them out of jail and in school. A sort of: "kids will be kids"

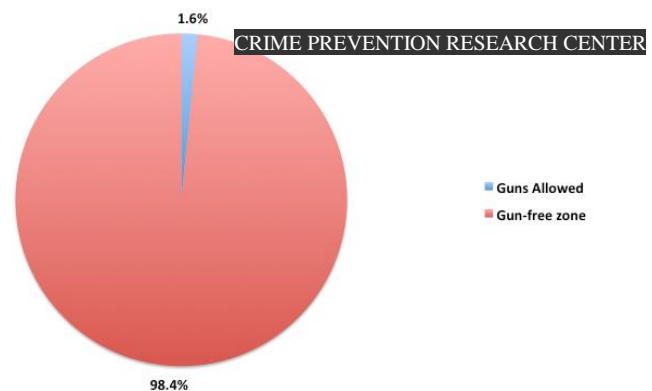

attitude. Nikolas Cruz had been repeatedly caught fighting with other students and was found with scattered rounds of gun ammunition in his backpack. Any one of these infractions would have brought him to the attention of police before 2010, but not these days. So Cruz continues to cruise under the radar as did Trayvon Martin in the Miami/Dade school system after he had been busted three times for stealing. Martin was then shot dead by George Zimmerman and Zimmerman, a neighborhood watch organizer with a legally concealed handgun, was blamed and castigated for killing a guy who was obviously casing the neighborhood and beat the crap out of Zimmerman who caught him doing it. We may never know why Nikolas Cruz was finally expelled but we do know that it had to have been for more than just carrying a couple of bullets around in his backpack.

The folks in the afore mentioned *IndigNation* put the blame, not on the evildoer, but on the AR-15. It's that horrible, black weapon-of-war that is responsible for the deaths of those 17-innocent victims! This is pure ignorance from mostly liberal urban dwelling women and metro-sexual urban dwelling men who know absolutely nothing about firearms. The Israelis figured out that the only way to keep their schools safe from attackers was to train and arm teachers and other school personnel. Then, lock the doors and don't let anyone in after the bell rings. One of the student ROTC cadets at Stoneman Douglas High School noted that Coach Aaron Feis, who threw himself in front of the shooter, giving his life to save his students, could have taken the shooter out and saved countless lives including his own. How many years ago was it that we saw NRA Executive Vice President Wayne LaPierre stand up in front of a national television audience and remark that the only way to stop a bad guy with a gun was a good guy with a gun. The anti-gun crowd scoffed at that suggestion and still does. How many lives have we lost since that suggestion was made and ignored? How many lives will be lost until we recognize how foolish we've been to reject that advice?

## LEGISLATIVE (From Capitol Update)

AB 403 Passed

After 6 years, Assemblywoman Melendez (R-Elsinore) finally got her Legislative Whistleblower Protection Bill passed through the Senate. It only took Harvey Weinstein and the #MeToo movement to give it the urgency it deserved for so long. Assemblywoman Melendez addressed our members at our Advocacy Conference in 2013, stating the need for this bill way back then. AB403, which would protect legislative members and staff from retribution if they report employee or lawmaker misconduct that violates state law or the legislative "code of conduct". This time around it passed out of the Senate 38-0 and with two current Democrat Senators facing sexual harassment allegations, it's no surprise. The question we must ask the Democrat legislative majority and other Californians, is why did it take so long?

## LEADERSHIP FORUM

The CFRW Northern Division Leadership Forum was held recently in Rancho Cordova and four of our members attended a weekend of training in many facets of our club's activities and responsibilities. There were workshops on membership, treasurer's reports, fundraising, by-laws and ethics as well as newsletter guidelines. Roundtable discussions were held to pass along new ideas and to network and interact with members of our sister clubs. The Forum provided much helpful and valuable training along with meeting other members of our Northern Division clubs.
