SEPTEMBER NEWSLETTER

PRESIDENT'S MESSAGE

It is hard to believe we are moving into fall. What happened to summer? Oh, wait, Covid happened to summer. Now we have FIRE! I don't even wish to guess what is next.

Even though we are not meeting now there are several ways you can help the conservative cause and stay safe doing it. Help someone with voting and understanding the mail in ballot. You can make calls in support of President Trump, Jeff Gorman and Vicki Nohrden. Take a look at the propositions and CFRW recommendations and let people know how these will impact them. Just remember – DO NOT throw away your mail in ballot, you will need to turn it in to vote in person. Not mention just any one could pull it out of the trash and vote it.

QUOTE OF THE MONTH

“The cost of California's government is too high; it adversely affects our business climate. We have a phenomenal growth with hundreds of thousands of people joining us each year. Of course, the overall cost of government must go up to provide necessary services for these newcomers, but growth should mean increased prosperity and thus a lightening of the load each individual must bear. If this isn't true, then you and I should be planning how we can put up a fence along the Colorado River and seal our borders.”

Ronald Reagan, January 5, 1967

THE SCHOLARSHIP LUNCHEON HAS BEEN CANCELLED

View From The Edge Of The Crowd by Lee Schell

From the minute Donald Trump was declared the winner of the 2016 presidential election, Democrats have used every dirty trick they could think of to derail his presidency. You've all heard it before: the Russian connection, impeachment, the fake intelligence dossier. Now that November 3rd is fast approaching this hideous group of would be power grabbers is using a computer model to see how they could steal another Trump victory at the polls and what would happen, nationally, if they did!

These despicable people hope to win in November but, absent that, they are already planning what to do to rob Donald Trump of another four years in the White House should the vote go his way. What if Biden wins because of widespread cheating on the part of the Democrats? Oh yes, they are planning on cheating and one of their scenarios is what to do if the vote count goes for Biden but the cheating is discovered. This nefarious group even has plans on how to come out on top *even if* their cheating at the ballot box is uncovered.

Last month, these wonderful examples of true patriotism, got together and ran some of these scenarios through a super computer. Rosa Brooks, a Georgetown University law professor headed up this effort dubbed The Transition Integrity Project. Ironic isn't it that these efforts have nothing to do with integrity but are attempts

to determine the best way to steal an election from a legitimate winner. It is interesting that professor Brooks even held a press conference to announce the results of this outlandish and really scary process. It is also interesting that in every scenario of stuffing ballot boxes...having illegals vote...having dead people vote...and having armies of lawyers gum up the voting tabulation...that the ultimate result was rioting in the streets and the approach of a second civil war with people on both sides taking up arms to defend their political aims. Not just scary but down right frightening and, according to the computer calculations, inevitable after any tampering with the actual voting process.

Based on these findings, Brooks is, in effect, training Democrats and the Democrat-controlled news media on what to say and do in the event that this all plays out in November. Her goal is to legitimize the cheating...a concept against the peaceful transfer of power in this country that was inconceivable until now. By their actions, these people would prefer a mob-run socialist dictatorship than accept a Trump re-election by popular vote. We, who are inclined to do so, should get down on our knees and pray that we never see this happen to our beloved country. God Bless America...Love Her and Keep Her.

AT HOME WITH OUR MEMBERS

The phone committee has been calling our members every month just to keep in touch and to find out how everyone is coping during these trying times.

Darlene Acosta continues to work hard at Sun Street Center in King City, and stated that the suicide rate from overdoses and substance abuse during the pandemic has risen 30%. Darlene said if we know of anyone who needs help ask them to call the Center at: **(831) 753-5135**.

Roz Arness is harvesting tomatoes and green beans and keeping the canning production line moving along at her house.

Arlene Azcona reports that she has been cleaning out cabinets and setting items aside for the Goodwill.

Cheryl and Steve Harrison were able to get away to Alaska for a fishing trip and freezer is now brimming with lots of salmon and halibut.

Kathy Imamura has been busy helping provide for the Veterans at the Transition Center of Monterey County. Her husband, **Brad Imamura** is running for a seat on the Marina City Council!

Kathy Merritt has been entertaining her two great grandchildren, Kendra and Calvin visiting from Florida while their Dad, Justice, is deployed.

Sue and Ron Miller in North Carolina had signed on as volunteers for the RNC convention and were disappointed when it was cancelled in Charlotte. They are members of the Johnson County RWF and proudly fly their Trump flag under the American flag on their front lawn.

Kris Nicolson has been recovering from neck surgery that is giving her more mobility. Kris' husband, David has been donating his time consulting for CDF on both the River and Dolan fires.

Janice Ramseier (new member Hisperia area), recommends the following read: [ANTIFA Growing Fascist Threat](#). It can be ordered from the David Horowitz Freedom Center or website: DavidHorowitzFreedomCenter.org. It is an eye opener into this Socialist organization!

Rosemary Soares deserves a lot of credit for volunteering her time to work at the Monterey County Republican Party Headquarters and a Senate Conservative Group. Rosemary is also assisting her grandchildren with distance learning online.

Nita Tully has been busy doing all the little jobs you normally wouldn't want to do!

The 2020 membership rosters have been mailed to all of our members so you should be up to date on phone #s. Since we cannot have our monthly meetings this would be a very good time (and we do have the time) to pick up the phone and call one of your special member friends to discuss some of those political subjects in the news , the election or just to say "hello".

Karen Leonhard and Kathy Forgnone

Sending our best wishes to David Lawson who is recovering at home after hip replacement surgery. Michael Cuffney is at home after surgery and we are sending our get well wishes his way. Thoughts of encouragement and cheer go out to Sandy Ducato at home and to Sue Kleber who is in Eden Valley Care Center. Give Cheryl Harrison a call if you hear of anyone needing a bit of sunshine and she will send a card. Please note that Cheryl has a new phone number: (831) 320-3256.

SCHOLARSHIP LUNCHEON

Well the scholarship luncheon is officially cancelled. The board has discussed this on multiple occasions and an informal poll of members helped us to make this decision. Many members stated that the money that has been turned in for tickets should be counted as a donation. If you have any questions please call or e-mail me. We did give 2 \$1000 scholarships this year. We are praying we can have this fun event next year!

2020 SCHOLARSHIP WINNERS

On Monday, August 31st Kathy Imamura, Dorothy Errea, Karen Leonhard and myself met the winners and Greenfield Starbucks. We gave them each \$1000 and had a brief chat. (Too windy to stay long.) These to college students were a pleasure to visit with and I hope we can have them come to a meeting once we start having them again.

We wish a Happy Retirement to the Lorenzo Acosta family. Lawrence's Restaurant has been our club's meeting place for many years and they have been so very kind and generous to our club not to mention that they always served us the most delicious lunches. We will miss you.

BOOK to LOOK FOR *From Goodreads*

The Road to Serfdom by Friedrich A. Hayek

A classic work in political philosophy, intellectual and cultural history, and economics, *The Road to Serfdom* has inspired and infuriated politicians, scholars, and general readers for half a century. ---*The Road to Serfdom* was seen as heretical for its passionate warning against the dangers of state control over the means of production. For F. A. Hayek, the collectivist idea of empowering government with increasing economic control would inevitably lead not to a utopia but to the horrors of Nazi Germany and fascist Italy.

September (from Latin *septem*, "seven") was originally the seventh of ten months in the oldest known [Roman calendar](#), the [calendar of Romulus](#) c. 750 BC, with March (Latin *Martius*) the first month of the year until perhaps as late as 451 BC.^[2] After the calendar reform that added [January](#) and [February](#) to the beginning of the year, September became the ninth month but retained its name. It had 29 days until the Julian reform, which added a day..
