

Tri Valley Republican Women Federated will present guest speaker West Walker, M.Ed for our Dinner Meeting on July 13, 2017. WEST WALKER, M.Ed will be presenting a multi-media presentation on the founding organization of the California Trump Campaign, its successes, and how this same strategy is now being incorporated with the California GOP. Mr. Walker will explain some current key campaigns and field operations that Republican Affiliates may want to get involved in. His past role as Chairman and founder of "Californians for Trump", a social media group found in all 58 counties, was instrumental in preparing a ground game for the Trump Campaign prior to their arrival before the primary. He trained the inexperienced volunteers with online videos and by the time the Donald J. Trump California Campaign arrived, they fully incorporated his leaders and volunteers to effectively not only wage a strong primary showing, but arguably the largest battleground-state grassroots force in the nation. Candidate Trump provided a private greeting for Californians for Trump at the Burlingame convention as a token of his appreciation. Mr. Walker, as the 2016 Trump Campaign Central Field Operations, will share his experiences as an RNC Delegate and VIP at the Inauguration. His convention exuberance was featured exclusively on the hour-long FOX special "The Trump Revolution". Mr. Walker will discuss the current status of the state, and inspire us with the vision moving forward. We will be left with a clear "call to action" and hope in changing our state's political landscape. He is currently the president of Californians for MAKING AMERICA GREAT AGAIN, Inc, a political advocacy group.
