

ALAMEDA COUNTY REPUBLICAN PARTY – 16TH ASSEMBLY DISTRICT

16th Assembly District (Tri-Valley Area) Gathering Monday, September 9, 2013, 6:00 p.m. The Hop Yard Restaurant, Pleasanton

To all Tri-Valley area conservatives:

It's time for conservative Republicans to come out again and see the folks! You will have the opportunity to meet, and to hear from, our new Tri-Valley area candidate for California State Assembly, Catharine Baker of Dublin. We will also have Jerry Thorne, Mayor of Pleasanton, to hear about his courageous vote cast against Plan Bay Area last month in Oakland!

Introducing Catharine Baker Our 16th State Assembly District Candidate for 2014

Jerry Thorne, Mayor of Pleasanton, will also be with us

With the victory of Republican Andy Vidak for State Senate in Fresno in the special election, the Democrat party machine is denied a coveted seat in the California State Senate. The Democrats also continue to maintain a razor-thin supermajority status in the California State Assembly. That's where we come in! Our 16th district has the kind of configuration that makes a Republican victory possible. If we can be victorious here, and in a few other tightly contested districts, and keep the Republican seats we have, we could overturn that Democrat supermajority statewide!

Jerry Thorne, Mayor of Pleasanton, will also be with us to talk with us about what the authors of Plan Bay Area have in store for us next. The plan, first of its kind in the state, was adopted as expected at the July ABAG-MTC meeting in Oakland. Most of us turned out there to let that unelected, unaccountable institution know exactly how we feel about its destructive agenda, which threatens the very way of life we cherish here in the outermost reaches of the San Francisco Bay Area. Mayor Jerry Thorne of Pleasanton was one of the few who courageously voted against it, and for this we are most grateful!

Please call me at 925-606-6080, or send e-mail to turnright2014@libertyandrestoration.com, to RSVP, by September 1st if possible, so we can inform the venue how many people we expect. If you have questions, you can call me at the above phone number.

We look forward to seeing you all there!
